

Akeal Manifold told us what he was learning. He said he loves English because he likes to express himself in his writing. He hasn't missed any school days this year.

Rafael in Y1 told us that if he missed a day in school it would make reading hard and his learning would not be so good.

We found out lots about the learning at our school and we would like to say to all parents;

MAKE SURE YOUR CHILDREN COME TO SCHOOL EVERY DAY.

We found out that lunch time is an important part of the school day because the children relax and play with their friends. Some children told us that they get to exercise and play lots of games at lunch time.

Special Edition Newsletter

Ladypool Primary School
Attendance Week - Monday 21st
November - Friday 27th November

Welcome to this very special edition of our school newsletter. You are probably wondering why we are producing an extra newsletter. It is so that we can devote some uninterrupted time to attendance.

At Ladypool, we know that your child's good attendance matters. It matters because research tells us that children who attend school regularly do better in school, in exams and in having the best choices for future careers.

As well as this, the children at Ladypool enjoy their school life. It's a fun, exciting place to be and as well as engaging lessons children enjoy all the wonderful social activities which take place at school.

We do hope you enjoy this edition and at the end of reading, think about your child. Ask yourself this question: Has my child got 100% attendance? If not what are **YOU** going to do about it?

A Day In The Life Of A Ladypool Child

Maruf Shaikh and Ruqayyah Ali, from year 5, both had the opportunity to do a learning walk across school. They found out why it is important to come to school every day.

We did a learning walk around school. Everyone was working hard and enjoying it. Yusef in class 5P said that when he missed a day from school, the next day he didn't know what to do.
